

About Faith4Living Ministry

by [Tom Kiser](#)

‘Ye are the light of the world. A city that is set on an hill cannot be hid. Neither do men light a candle, and put it under a bushel, but on a candlestick; and it giveth light unto all that are in the house. Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.’ - Matthew 5:14-16

Ministry Opportunities

It is our goal to impact the People and World Cultures of this city on as large a scale as possible with the Gospel. For seven years we had a home Church. In 2000 God directed us to step aside from our home church and focus our energies on reaching the lost and assisting the Body of Christ in this City through the following:

● **Open Air Evangelism**

Taking the Gospel outside the Church and into the streets is a great blessing. Most of the people within the city will never darken the Church door unless the Church takes its message out to them first. Why keep the Good News inside the Church when we have freedom to take it to the masses? We organize open air evangelism campaigns involving our family and other Believers where we pray with the lost, lead them to Christ and proclaim Jesus Christ. One effective method we use is "prayer stations." A prayer station is a table with Christian literature on it and a banner above it that says: "Prayer Station." We pass out tracts and ask people walking by if they have any needs we can pray for. People are very responsive and it often leads to confession of sin and praying for salvation.

● **Accountability Discipleship Groups**

It is important that new believers be discipled in an intimate small group setting. We hold Accountability Discipleship Groups to help believers build one another up in Holy Living. In these groups Christians share their burdens, offer biblical instruction and pray for each another.

● **Tract distribution**

There are hurting people everywhere and tract distribution is a great way to let people know of Christ's love and our availability to assist them. With the help of teams of Christians from both inside and outside New York we pass out thousands of tracts.

● **Parenting Classes**

Another specific area of discipleship we offer to families are parenting classes. We

conduct an 18 week parenting course using material published by Growing Families International and The Institute in Basic Life Principles. It is a joy to share with others the things God is teaching us as we raise our large family for Christ in the city. Our family is one of the greatest resources we can offer to people throughout the New York Metro Area.

- **Seminars**

We help facilitate the Institute In Basic Life Principles Seminar in local congregations, train Christian leaders on the use of technology in ministry and assist families interested in home educating their children.

Assist Christ's Body outside the City by

- **Bible School & Church Training**

We want to provide better service and accommodations to the number of Bible Schools and Churches that want to train young people for urban ministry. We would like to increase our ability to host various groups from Churches and Bible Schools for the purpose of "Weekend Warrior Outreaches." We have had to scale this back because the logistics of our current small residence has made it difficult to house our family of 8 children plus the groups.

- **Missionary Hospice**

As we are able with our limited space we provide a safe stop for Missionaries traveling in and out of the USA from New York airports. We are located in a triangle of the three major airports for international travel; Kennedy, Newark and LaGuardia airports. We receive many calls to give overnight accommodations for missionaries and Christians either coming or going out of the City.

- **Internet Outreach**

Through this web site we are able to broadcast the Good News of Christ's Sanctifying Grace, assist His body, and share with others those resources that have blessed us.

NEEDS TO PRAY ABOUT

Pray for us as we reach out to the lost masses and assist the Body of Christ throughout the New York Metro area. Pray that God will give us wisdom and grace that will benefit others. Pray for our children as they continue with their home education and minister to others.

For years we rarely mentioned the needs of our ministry to anyone. We attempted to provide the financial resources necessary to carry on. God has now shown us that we need to depend on Him and the Body of Christ to carry the financial burden of His work. We covet your prayers as we seek God's wisdom and provision for His work here. We are

now available to do deputation work.

We long as those people in Elisha's day to "Enlarge the place of our dwelling." We have outgrown the house we rent. We would love to have a yard for the little children to play in. We need a bigger dwelling for our family and another building to house the many groups that want to come and help us on a short term basis.

The Lord Jesus Christ and the Millions of Souls in this city have captured our hearts and we invite you to share our vision. God's work cannot go forward without His body coming together as a mighty army to press the battle and win the conflict. We covet your prayers that God will send forth laborers who will partner with us in this mighty goal of reaching the lost, discipling the saved and raising high the standard of "Holiness unto the Lord." We need an Army of laborers in prayer. We need an Army of laborers who will come and help us in this vast harvest field. We need an Army of laborers in financial support. God has done great things through His church for past generations. He has called our generation to reach this generation. He has called us for such a time as this. Christ wants His body to reach the lost multitudes He has brought to our shores from every corner of the earth. He wants us to shine the light of his Perfect salvation to those who have not heard. What a vast harvest field! Let us rise up and build! Let us go forth and make disciples! Let us quit ourselves like men and fight! With Christ in the lead the gates of hell cannot prevail against us! Let us follow His lead with all our heart, mind, soul and strength, all we are and all His grace can make us!

We are committed to fulfilling the vision God has given us in New York City. By His grace we have no other passion. Our whole family is united in their desire to reach people here in New York. Who we are is a result of the wonderful love of God shed abroad in our hearts. Our vision is not of our own making, it is the heart of God. Pray that God will help us effectively "set His light on the hill" of this Mega-City of the Earth. Pray that it's peoples will hear and experience that the power of Christ's Perfect Love is stronger than the powers of darkness that hold them down.

Yours for Christ,

Tom, Faith, Seth, Asa, Sarah, Anna, Isaac, Ethan, Uriah & Josiah Kiser
